

Limpsfield, Westerham and the Greensand Ridge (11.5 miles)

The first part of this walk follows the wooded Greensand hills which run parallel to and just south of the North Downs, before heading into Westerham (a good spot for lunch with a choice of pubs and cafes). The walk then follows the Darent Valley before heading up to the wooded Crockhamhill Common and then on to Chartwell via Mariner's Hill. Some excellent views south towards the High Weald. The return route mostly follows the Greensand Way.

Start Point: New Road car park, Limpsfield Chart
